

## CARE & USE OF BANNERS

### Installation and use

1. Always make sure banners are suitable for the intended purpose and you have the relevant permission before use.
2. Attach securely using all attachment points provided.
3. It is recommended that banners are removed and stored when severe/windy weather is expected.
4. Periodically inspect and make sure all attachment points and fixings are undamaged and repair/replace where necessary.

### Cleaning & Storage

Banners can be cleaned using warm soapy water and a soft cloth. Never use abrasive or chemical/solvent cleaners. Never fold banners when not in use. Always clean and dry banners and roll print side in before storage.
